## Objective / Profile Summary

Highly analytical and adaptable Computer Engineering graduate with hands-on experience in full-stack web development, system design, and automation platforms. Skilled in PHP, Laravel, MySQL, React, and TypeScript, with proven ability to build responsive, scalable, and secure applications. Seeking a Full Stack Developer role to contribute technical expertise, creative problem-solving, and modern web architecture skills to dynamic development teams.

## Education

### Bachelor of Science in Computer Engineering

Wesleyan University – Philippines, Cabanatuan City

Graduated: August 2025

## Experience

Web Developer Intern – AKSI iSynergies

Cabanatuan City | June 2024 – August 2024

- Collaborated on the iSyn-app automation platform, improving system reliability by 15% through backend optimization and debugging.
- Enhanced UI/UX and reduced task completion time by 20% through responsive design improvements.
- Supported deployment and testing pipelines to maintain a 99.9% data accuracy rate across modules.

## Key Projects

### iSyn-app Automation Platform – PHP, Laravel, MySQL, Tailwind CSS

- Developed an automation system for inventory, sales, and voucher tracking.
- Optimized backend queries for 30% faster data processing and implemented data integrity controls.

### Automate – School Management System – PHP, MySQL, Bootstrap, JavaScript

- Built a complete school management platform with user roles (Admin, Teacher, Student, Registrar).
- Implemented secure authentication and modular academic record management.

### Cybersecurity Awareness Landing Page – React, TypeScript, Vite, Tailwind CSS

- Designed a modern landing page promoting cybersecurity awareness.
- Utilized Radix UI, Framer Motion, and GitHub Actions for CI/CD automation.

### Movie Library – React, TypeScript, TMDB API, Tailwind CSS

- Created a dynamic movie discovery app with advanced search, filtering, and local storage integration.
- Implemented TMDB API for real-time data fetching and user-friendly interface.

**My Portfolio – *React, TypeScript, Tailwind CSS, Vite***

- Developed a personal portfolio website with animations, and GitHub Pages deployment.
- Integrated automated CI/CD via GitHub Actions for seamless updates.

---

**Technical Skills**

- Languages & Frameworks: PHP, Laravel, React, TypeScript, JavaScript (ES6+), HTML5, CSS3
- Databases: MySQL, SQL
- Tools & Platforms: Git, GitHub, Vite, Apache, Node.js, GitHub Actions, REST APIs
- UI/UX: Tailwind CSS, Radix UI, Framer Motion, Bootstrap 5, Responsive Design
- Other Skills: System Architecture, Data Analytics (SQL, Excel, Tableau), Cybersecurity Awareness

---

**Certifications**

- Certified Ethical Hacker (CEH) – Cisco
- Python Essentials 1 – Cisco
- Data Analytics Essentials – Cisco
- Introduction to Data Science – Cisco
- Certified Data Center Technician (CDCT) – East West International Educational Specialists
- Introduction to Cybersecurity – Cisco
- Professionalism (US English) – Wadhwani Foundation
- Start-Up Mindset (US English) – Wadhwani Foundation
